AUTHOR'S NOTE

Between handling the serial publication and creating the manga itself I was worried about getting volume 2 out on time but it worked out in the end.

Thank goodness...

Asami-chan has finally joined the weekly publications! The 4-page colour manga has become a normal Manga... Whether she is laughing crying, or just doing nothing, Asami is always a joy to draw I'd like to think that Kobayashi has become Asami's father And I want my beautful daughter to be happy Any father's wish Ichimaru! Make her cry and I'll never forgive you!!!! Just kidding (O'ω'O) Hehe...
